## Mighty Minds

NATIONAL CHALLENGE 

Represent your school in the State Challenge and stand a chance to compete in the National Challenge. Make a name for yourselves and your school and win fabulous prizes!

### CHALLENGE MECHANICS

Team categories:  
 • Category I - Forms 1, 2 & 3 • Category II - Forms 4 & 5

#### State Challenge

Contestants will first compete in the State Level Challenge which will be held in all 14 states.

#### a. First Challenge:

- Teams in each category are to answer 20 multiple choice questions in English based on Current Events and General Knowledge, through an interactive device.
- The top 10 teams in each category will proceed to the Second Challenge.

#### b. Second Challenge:

- The challenge will be to build an innovative model in ONE hour. Using Science and Mathematics principles, this model should offer a creative solution for a problem presented 2 weeks before the challenge.
- All teams need to give a 3-minute 'Oral Presentation' on their model to the judges. Speaking in turn, team members will speak for ONE minute each.
- The top 5 teams in each category will move on to the Third Challenge.

#### c. Third Challenge:

- The top 5 teams will take part in a buzzer quiz where they will have to answer open-ended questions in English based on Current Events and General Knowledge using the speed quiz buzzer system, individually as well as collectively.

#### National Challenge

All 14 state champion teams from each category will compete in the National Challenge in the Klang Valley in September 2014.
